1) Logistics

- Quiz 2 will be held on Wednesday, 27 April, from 7:35pm until 9:25pm (1 hour and 50 minutes in duration).
- The quiz covers material from lectures/recitations/labs in weeks 0-10 of 6.009 (including labs 0-9).
- The quiz will be held at the following locations, based on the first letter of your last (family) name:

Last Name Beginning With...	Quiz Location
A-K	50-340 (Walker Gym)
L-P	34-101
Q-W	32-123
X-Z	34-501 (6.009 Office Hours Room)

- The quiz will be given on paper, so please make sure to bring one or more pencils with you.
- The quiz is closed-book, but you may use one 8.5×11" sheet of paper (front and back) as a reference during the quiz.
- You may **not** use electronics of any kind during the quiz (including computers, calculators, phones, tablets, music players, etc.)
- Proctors will be available to answer administrative questions and clarify specifications of problems, but they should not be relied on for help with solving the problems.

2) Conflicts and Accommodations

- If you have a direct conflict with an MIT class or MIT extracurricular such that you are unable to attend the scheduled time, [message Charvi about a quiz conflict via the forum](#) to discuss the possibility of taking a conflict quiz.
- Per institute policy, you are not allowed to miss regularly scheduled class periods in your other classes for the 6.009 quiz or conflict quiz; if you have a conflict, you must work with us to schedule a conflict quiz consistent with (not conflicting with) those regular class periods.
- If you require accommodations for the quiz (with a note from SDS), please [message Charvi about accommodations via the forum](#) as well (even if you have already communicated with a staff member previously about your accommodations).
- Please contact us using those forum messages by **Thursday, 21 April** if you have a conflict or require accommodations.

3) Practice Materials

Practice materials for the quiz are now available:

- [Fall 2021 Quiz 2](#)

- [Practice Quiz A](#) (problem 5 refers to a lab we did not do this semester)
- [Practice Quiz B](#)
- [Additional Online Practice Problems](#)

These quizzes are intended to be approximately representative of the length and coverage of a regular quiz. In order to best make use of these practice quizzes, we **strongly** suggest working through them in as authentic an environment as possible (i.e., on paper, with a time limit of 1 hour and 50 minutes, and without access to external resources).

3.1) Answers to Practice Quizzes

Answers to the practice quizzes are now available, but you are **strongly encouraged** not to look at them until after you have tried the quizzes yourself (ideally under normal quiz conditions). Note that many of the questions have multiple correct answers and that the answers documents only show one such answer.

These documents also *intentionally* only include answers, without detailed explanations, so that you can try to work through the problems again if you arrived at a wrong answer. If you are unsure about why an answer is right (or if you think an answer might be wrong, or if you have an alternative answer that you are unsure of), feel free to ask about it in office hours or via the forum!
